“

Bengur Bryan has been an invaluable resource to Sequel for the past decade, and their work to source and close the Altamont transaction for us was expertly executed from beginning to end.

Jay Ripley

Co-Founder & Chairman / Sequel Youth and Family Services unbar Armored, Inc.

Bengur Bryan has been a trusted adviser to the Dunbar company and the Dunbar family, starting with their work over 20 years ago. As we've grown, our relationship with Bengur Bryan has been there, with Chris and Charles and their colleagues providing financing solutions, divestiture services, and sound, dependable advice. Their understanding of our needs as a family business and the value of Dunbar were why we wanted them as advisers on this momentous sale.

”

Bengur Bryan has been a valuable long-term adviser to South/Win. They provided sound guidance and advice with an always present focus on our best interests. In this transaction, they helped to craft a deal which met our expectations and made sure the transaction process was smooth. I highly recommend Bengur Bryan to a business owner seeking an adviser who will always put their best interests first.

With Bengur Bryan it's always been more than business. For Mark and me, they've been a trusted partner for over 15 years, helping us to position our businesses and then take us to the next level when the timing is right. We are now excited and welcome the opportunity to join BWX, a growing leader in the global natural personal care market. The Bengur Bryan team has provided us with the continued market knowledge and M&A skills necessary to achieve our goals, most recently with Andalou Naturals and previously with Avalon Organics and Alba Botanica. Our core values of consumer advocacy, sustainability, and social responsibility align perfectly with Bengur Bryan.
